

## VILLA HUESGEN

### Key Facts

The VILLA HUESGEN estates history goes back to 1735 and is managed today in the 8<sup>th</sup> generation by Ado Huesgen. With love for the Mosel valley und it's steep slate slopes, the passion for craftsmanship in nature and cellar, as well as responsibility for nature and next generations, fine and complex wines are formed. Each of them unique and to be enjoyed on any occasion.

## VILLA HUESGEN

- Viticulture
- Sustainable viticulture with respect and responsibility for nature and next generations
- Natural greening
  - Predominantly biological weed control
  - Avoidance of insecticides
  - Consciously reduced use of pesticides
  - Steepest slopes in purely organic cultivation
  - Careful vineyard work with predominantly manual labour
  - Preservation of traditional vineyards and maintenance of dry stone walls, also as wild bee nesting aids
  - Protection of natural resources
  - Compensation of monoculture through ecological compensation areas
  - Promotion of recirculation systems
- Wine making
- Minimalist, natural, organic and vegan winemaking.
  - Selective hand-harvesting of whole grapes and gentle transport in uniform vats
  - Careful crushing of the grapes starting in the vineyard
  - Maceration for 2-6 hours
  - Gentle pressing in modern membrane press for 14-16 hours
  - Stainless steel tanks and Stockinger and French oak barrels
  - Predominantly spontaneous fermentation and partly fermentation with the help of dry yeasts, long yeast storage
  - Sufficient time for self-harmonisation of the wines
  - Storage in underground wine cellars
